

Template for an Outreach Serving Survey

(Adapted from an online survey used by Perimeter Church (PCA) in Atlanta, GA. Church leaders may find this a helpful template to follow when designing a hard-copy or on-line survey form for congregants that allows them to share information with ministry leaders about their interests and availability for service.)

If you are interested in getting started serving in Community and/or Global Outreach, we'd love to help you walk through the process of finding that particular area of ministry that best uses your skills, talents, gifts, and passions. Once you submit this survey, we'll follow up with you to find out how we can best serve you in this process.

For questions about this survey, please contact [User, provide the contact person for this survey here.] at [Provide his/her email.] or [Provide his/her telephone number.].
